

**Issues Pertaining to Grant of
Generation Licences to Foundation Solar
Energy Private Limited (FSEPL)**

- (1). What is the experience of the FSEPL in the power sector and how many projects of similar nature has it executed so far in terms of MW?
- (2). Should the Authority process the application of FSEPL for the grant of Generation Licence as per Section 14B of NEPRA Act according to which cessation period of the same is approaching to May 2023?
- (3). Will the generation facility be located at the site of BPC or distance apart?
- (4). Does BPC(s) fulfil the criteria as laid down in NEPRA Act or otherwise?
- (5). Is the BPC(s) already getting electric power from the Utility/DISCO(s)?
- (6). What is the estimated connected load of the each BPC from the utility and their respective tariff?
- (7). Will BPC(s) continue to take supply from parent DISCO(s) or stop the same?
- (8). Will BPC(s) give one year prior notice to DISCO(s) if it plans to stop purchasing electric power?
- (9). Does BPC(s) fulfill the criteria laid down in Consumer Eligibility Criteria (Electric Power Suppliers) Regulations, 2022?
