MUGHAL ENERGY LIMITED

BACKGROUND

The Authority granted the company/Mughal Energy Limited (MEL)/the Licensee a Generation Licence (No. SGC/152/2021, dated February 10, 2021) for setting up a 55.00 MW generation facility (consisting of 1x55.00 MW Steam Turbine) to be set up at 17-Km on Lahore-Sheikhupura Road, tehsil & district Sheikhupura in the Province of Punjab.

(2). The Authority allowed the company/Mughal Energy Limited (MEL)/the Licensee supplying to three (03) Bulk Power Consumers namely (a). Mughal Iron and Steel Industries Limited-MISIL; (b). Mughal Steel Metallurgies Corporation Limited-MSMCL; & (c). Indus Steel Mills Corporation (Pvt.) Limited-ISMCL.

(3). Later on, the Authority through Modification-I dated May 25, 2022 accepted our request to change the installed capacity of the generation facility to 36.50 MW (consisting of 1 x 31.50 MW + 1 x 5.00 MW Steam Turbines) operating on Imported or Local Coal of equivalent specifications.

(4). In order to make the operation of the generation facility more flexible and cost effective, the company/Mughal Energy Limited (MEL)/the Licensee is planning to utilize the abundance bio mass available in the area, resulting in change in allowed fuel for the facility and requiring a modification in the above licence.

MUGHAL ENERGY LIMITED

Licensee Proposed Modification

The company/Mughal Energy Limited (MEL)/the Licensee, in pursuance of Regulation-10(1) of the NEPRA (Application, Modification, Extension and Cancellation) Procedure Regulations, 2021 (the "Licensing Regulation") submits modification/the Licensee Proposed Modification (the "LPM") in respect of its licence for its generation facility near Sheikhpura in the province of Punjab.

(a). Type or category of license proposed to be modified (as stipulated in Regulations-10(1)(a) of the Licensing Regulations)

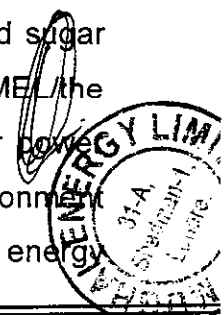

The company/MEL/the Licensee is seeking modification in Generation Licence (No. SGC/152/2021, dated February 10, 2021, Modification-I dated May 25, 2022) for its coal based generation facility being set up under the said licence.

(b). text of the proposed modification (as stipulated in Regulations-10(1)(b) of the Licensing Regulations)

The existing generation licence of the company/MEL/the Licensee envisages its operation on imported coal or local coal of equivalent specifications. The proposed modification envisages to add Bio-Mass as another fuel for the operation of the generation facility.

(c). reasons in support of the modification (as stipulated in Regulations-10(1)(c) of the Licensing Regulations)

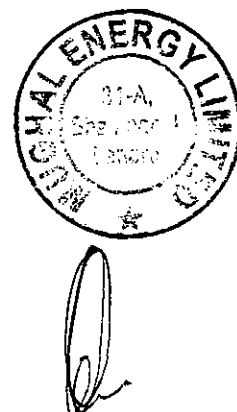

The generation facility is located in an area where biomass from various agriculture crops of rice (rice husk), maize (corn cob), cotton (cotton sticks) and sugar cane (bagasse) are available in abundance. In this regard, the company/MEL/the Licensee has carried out a feasibility study to utilize the available biomass for power generation which is a cleaner fuel making the operation of the facility more environment friendly. The operation of the facility on indigenous biomass will not only result in energy

security as it will substitute the imported fuel/coal resulting in energy security and foreign exchange saving for the country but will have a positive impact on the operation of the facility being cost effective.

- (d). the impact, if any, of the proposed modification on tariff, quality of service or fulfillment of license obligations (as stipulated in Regulations-10(1)(d) of the Licensing Regulations)

The generation facility of the company/MEL/the Licensee has been set up for supplying to its designated BPC(s) on mutually agreed tariff without affecting any other third party. In view of the said, the proposed modification will not have any adverse impact on the tariff, quality of service or fulfilment of its obligations under the existing generation licence.

MUGHAL ENERGY LIMITED

ABSTRACT OF RESOLUTIONS PASSED AT THE BOARD MEETING OF MUGHAL ENERGY LIMITED HELD ON APRIL 25, 2025 AT 31-A, SHADMAN – 1, LAHORE.

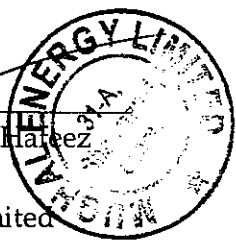

"RESOLVED that Company is applying for the Application Pursuant to Regulation-10(1) of the NEPRA (Application, Modification, Extension and Cancellation) Procedure Regulations, 2021 with the National Electric Power Regulatory Authority (NEPRA)".
