PRESS RELEASE

Subject: “Power with Safety” drive of NEPRA aims to achieve zero incidents in power sector: Chairman NEPRA

As part of its “Power with Safety” drive, National Electric Power Regulatory Authority (NEPRA) in collaboration with Faisalabad Electric Supply Company (FESCO) today held a roll-out ceremony of pocket-sized “Line Staff Safety Handbook”.

02. The ceremony was attended by a large number of power sector professionals especially the line staff from distribution companies besides NEPRA officials. NEPRA and FESCO has jointly designed and developed this pocket-sized “Safety Handbook” in Urdu language. The handbook covers most of the safety requirements, which will be carried-out by the DISCOs line staff in their pockets while on duty and will serve as a quick reference while facing any potential safety hazard.

03. Chairman NEPRA, Mr. Tauseef H. Farooqi in his keynote address told the participants that protection of workers’ lives is one of the main goal of NEPRA’s drive of “Power with Safety”. He hoped that this handbook will immensely contribute in achieving that goal, ultimately leading to zero incidents. He also lauded the efforts and contributions of FESCO in development of this handbook.
