Versus

K-Electric Limited (KE) .....Respondent  
KE House No.39B, Sunset Boulevard  
Defence Housing Authority, Karachi.

Date of Hearing(s): November 04, 2025

On behalf of:

Complainant: Mr. Shafi Muhammad

Respondent: 1) Mr. Kaleem Ahmed (K-Electric Ltd)  
2) Mr. Wamiq Ahmed (K-Electric Ltd)

Subject: DECISION IN THE MATTER OF COMPLAINT FILED MR. SHAFI MUHAMMAD  
UNDER SECTION 39 OF THE REGULATION OF GENERATION,  
TRANSMISSION AND DISTRIBUTION OF ELECTRIC POWER ACT, 1997  
AGAINST K-ELECTRIC LIMITED REGARDING DETECTION BILL  
(CONSUMER No. LC-471083)

This decision shall dispose of the Complaint filed by Mr. Shafi Muhammad, R-42, Saqib City, Zafar Town, Bin Qasim, Karachi, (hereinafter referred to as "the Complainant") against K-Electric Limited (hereinafter referred to as the "Respondent" or "KE"), under Section 39 of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (hereinafter referred to as the "NEPRA Act").

2. Brief facts of the case are that NEPRA received a complaint wherein the dispute agitated by the Complainant was that KE has charged detection bill and requested NEPRA to intervene in the matter & direct KE to withdraw the detection bills. The matter was taken-up with KE for submission of parawise comments/report. In response, KE reported that a discrepancy of terminal strip damage was reported. KE added that the consumer has been charged detection bill amounting to Rs.24,982/- on the connections bearing consumer No. LC-471083. The report of KE was sent to the Complainant for information/comments. The Complainant raised observations over the report of KE.

3. In order to proceed further into the matter, a hearing was held at NEPRA Regional office Karachi on November 04, 2025 which was attended by both the parties i.e. (KE and the Complainant) in person wherein the matter was discussed in detail.

4. The case has been examined in detail in light of the record made so available by the parties, arguments advanced during the hearing and applicable law. The following has been observed:

- i. The instant matter pertains to charging of detection bill amounting to Rs.24,982/- on the electricity connection having consumer no. LC-471083 having tariff A1R.
- ii. KE is of the view that the detection bill amounting to Rs.24,982/- for the month of February 2025 & March 2025 have been charged against the discrepancy of terminal strip damage on connected load of 2.9kW on the connection having consumer No. LC-471083.
- iii. KE submitted meter department report dated February 25, 2025 having remarks a "terminal strip found damage and main cover seal caps intact. Low battery signal. Meter within permissible limit on testing bench".
- iv. KE showed sufficient evidence against the above mentioned detection bill. Moreover, electricity consumption on the said connection has observed to be on lower side as compared as compared the connected load of the premises.
- v. Record reveal that KE has charged the said detection bill on higher side in violation of the procedure prescribed in clause 9.2 of Consumer Service Manual (CSM)

5. Foregoing in view, KE is directed to revise the detection bill amounting to Rs.24,982/- charged to the Complainant on LC-471083 on the basis of healthy consumption during corresponding month of the previous year. A report in this regard be submitted within twenty (20) days, positively.
