Customers:

1. Approved list including FESCO as per Generation Licence # SGC/012/2002 dated 02/01/2002 and modification # NEPRA/R/LAG-41/13736-38 dated 12/12/2013.
2. Addition of the (22) Bulk Power Consumers falling along the approved feeders as per Distribution Licence # 12/DL/2006.

**(b) STATEMENT OF THE REASONS IN SUPPORT
OF MODIFICATION**

- The BCPs have requested NEPRA to grant permission for the purchase of power from SEL.
- SEL will gradually reduce load on FESCO and will transfer it to BCPs after the approval of NEPRA. It will not only improve the efficiency of BCPs, thus generating more foreign exchange for our country, but also it will create more jobs.

**(C) STATEMENT OF THE IMPACT ON THE TARIFF, QUALITY OF
SERVICE AND THE PERFORMANCE BY THE LICENSEE OF ITS
OBLIGATIONS UNDER THE LICENSE**

- SEL will sell power to the BCPs on mutually agreed rates.
- Sitara Energy Limited (SEL) is located in an Industrial hub. The export oriented textile industry in the area is suffering a lot due to severe load-shedding which is also damaging their costly equipment. They cannot meet their export targets. The installation of new textile units in the area is also hampered due to non-availability of power. The load-shedding and non-availability of power is hampering the installation new textile units.
- New and existing industrial units in the adjoining areas will benefit from the uninterrupted and clean power supply without any forced outage. It will improve the productivity of these export oriented units and will create more jobs and fetch the vital foreign exchange to our country.
