No. NEPRA/R/ADG(Tariff)/TRF-100/XWDISCOs/2304-2306
January 14, 2021

Subject: Decision of the Authority pursuant to the Judgment dated 08.09.2020 of Honorable Peshawar High Court, Peshawar in Writ Petitions No. 4932/20, 5210/20, 4200/20, 4543/20, 5255/20 and Judgment Dated 29.09.2020 passed by Honorable Peshawar High Court, Mingora Bench / Dar ul Qaza Swat in WP No. 847-M/2020

Dear Sir,

Please find enclosed herewith subject Decision of the Authority along with Annexures-I, II & III (45 pages) in respect of XWDISCOs (FESCO, GEPCO, HESCO, IESCO, LESCO, MEPCO, PESCO, QESCO, SEPCO and TESCO).

2. The Decision is being intimated to the Federal Government for the purpose of notification in the official gazette pursuant to Section 31(7) of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997.
3. Order along with Annex-I, II & III of the Authority's Decision is to be notified in the official Gazette.

Enclosure: As above

Decision of the Authority pursuant to the judgment dated 8.9.2020 of Honorable Peshawar High Court, Peshawar in WP No. 4932/20, 5210/20, 4200/20, 4543/20, 5255/20 and judgment dated 29.9.20 passed by Honorable Peshawar High Court, Mingora Bench/Dar ul Qaza Swat in WP No. 847-M/2020

1. NEPRA is a statutory body established under the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (Act No. XL of 1997) (the "NEPRA Act") for the regulation of the provision of electric power services in Pakistan. NEPRA is exclusively mandated for the determination of tariff, rates, charges and other terms and conditions for supply of electric power services by the generation, transmission and distribution companies. In performing its functions, all decisions/determinations are made by NEPRA in accordance with the relevant law in a transparent manner by providing equal opportunities of hearing to all stakeholders. Every Distribution Licensee of NEPRA files a petition before NEPRA seeking determination of consumer-end tariff in accordance with the provisions of NEPRA Tariff (Standards and Procedure) Rules, 1998 (hereinafter referred to as the "Tariff Rules"). Upon admission of such petitions, the salient features of the petitions are published in the national newspapers inviting comments, reply, intervention requests from any interested persons. Subsequently a public hearing is also conducted for which separate notices are published in the national newspapers. Any interested party has an opportunity to raise the objections consequent to the notice of admission as well as to participate in the hearing. After considering the submissions of the petitioners, commentators if any, interveners, if any, evidence produced, arguments raised by respective parties, the tariff determinations are issued by NEPRA, based on certain assumptions in terms of exchange rate, KIBOR/ LIBOR, US CPI/ Local CPI etc., which are then intimated to the Federal Government for notification in the official Gazette in terms of section 31(7) of the NEPRA Act.
2. That consumer-end tariff is determined to ensure recovery of revenue requirement of a distribution company based on tariff petition filed by the distribution companies in accordance with NEPRA Act and Tariff Rules. Revenue requirement comprises of Power Purchase Price (PPP) (capacity + energy charge), transmission charge, Market Operator Fee and Distribution Margin. The capacity charge component, generation energy charge component and the transmission charge, Market Operator Fee are transferred through transfer price mechanism which is prescribed by the Authority and notified in the official Gazette. The consumer-end tariff is so designed to ensure recovery of revenue requirement by the Distribution Company based on certain efficiency benchmarks allowed by the Authority in terms of T&D losses and Recovery etc.
3. That electricity tariff is determined in accordance with the NEPRA Act and Rules made thereunder, which state that the tariff should allow licensees the recovery of any and all costs prudently incurred to meet the demonstrated needs of their customers.
4. As far as the tariff for Peshawar Electric Supply Company (PESCO) is concerned, its tariff for the Financial Year 2016-17 and 2017-18 was determined by NEPRA after following the due process of law vide a determination No. NEPRA/TRF-436/PESCO-2018/10901-10903 dated July 12, 2018. Said determination also contained the quarterly/biannual adjustment mechanism. The same was intimated to the Federal Government for notification which was issued on January 01, 2019 and included all the Quarterly adjustments up to 30th June 2018.
5. In line with the prescribed mechanism, PESCO and other ex-WAPDA Distribution companies afterwards filed their adjustment requests on account of variation in PPP, including impact of T&D losses etc., for the 1st & 2nd quarters of the FY 2018-19 i.e. from Jul. to Sep. 2018 and Oct.

to Dec. 2018. The Authority worked out quarterly adjustments of all XWDISCOs separately, however, based upon the request of the Federal Government to apply a uniform rate across each consumer category of XWDISCOs (excluding life line consumers), NEPRA determined a uniform rate vide decision dated June 14, 2019, through a consolidated decision which was intimated to the Federal Government for Notification. The same was notified on June 28, 2019 but was made effective w.e.f. July 01, 2019. This was valid till 30th September, 2020. It may be added that quarterly adjustments for the quarters 3rd and 4th of FY 2018-19 was also made in accordance with law and those were also notified and applied till 30th September, 2020. Now the notification for all the previous 4 quarters (including the impugned one) have since been lapsed and superseded by yet another Notification dated 19th October, 2020 for the 2nd and 3rd Quarters of Financial Year 2019-20.

6. The aforementioned decision of NEPRA dated June 14, 2019 regarding Quarterly Adjustments, for the 1st & 2nd quarters of the FY 2018-19 for all the ex-WAPDA DISCOs (including PESCO) was challenged before the Lahore High Court (LHC), Lahore, wherein, around 450 petitions were filed. All such petitions were dismissed by the honorable LHC on 20.11.2019.
7. Subsequently, civil petitions No. 4441 & 4619/2019 and CMA 11105/2019 in CP 4441/2019, were filed before the Honorable Supreme Court of Pakistan against the judgment of Lahore High Court dated 20.11.2019 in W.P No. 50583 & 53485/2019, which were fixed for hearing on 10.1.2020 before the Honorable Supreme Court of Pakistan.
8. The Honorable Supreme Court vide order dated 10.1.2020 (*received on 22.1.2020*), disposed-off the above petitions, with the following observations;
 - i. The precise grievance of petitioners is that in determination of quarterly tariff adjustment, the calculation formula provided in law and the regulations is not applied properly rather the same are worked out on current and future consumption instead of actual consumption.
 - ii. As per explanation of LESCO and NEPRA, the actual figure of quarterly adjustments recovered from consumers, is computed on the basis of their consumption and recovered over a period of fifteen months on the basis of projected sales.
9. The Honorable Court, ordered the following vide decision dated January 10, 2020;

"In this view of the matter, with the consent of parties, this question is referred to NEPRA, who shall decide the matter after hearing the petitioners and LESCO in accordance with law within a period of one month. In case, the petitioners are still dissatisfied with the determination made by the NEPRA on this issue, it shall be at liberty to approach the relevant for re-dressal of its grievance in accordance with law.
10. Pursuant to the aforementioned orders of the Honorable Supreme Court, the matter was decided by NEPRA on 19th of March, 2020. Said decision of NEPRA was never challenged, thus it has attained finality.
11. That earlier about 31 petitions were filed before Peshawar High Court, Peshawar against the NEPRA's decision dated 14.6.2019 regarding quarter tariff adjustments and vide judgment dated 03-09-2010, the Writ Petition No. 5180-P/2019 and other 30 petitions were disposed of with the following observations:-

"Thus in the present case too, when the NEPRA while performing quasi judicial function has not provided the reasons regarding the nature, characteristic of the levy, albeit, justification for

With

the said levy/Quarterly Tariff Adjustment in the said order then the same is not sustainable, therefore, we set aside the same and refer the matter to “NEPRA” who shall decide the matter after hearing the petitioners and PESCO in accordance with law within a period of one month. In case, the petitioners are still dissatisfied with the determination made by the “NEPRA” on this issue, they shall be at liberty to approach the relevant forum for redressal of their grievance in accordance with law. All these petitions are disposed of accordingly in the afore-noted terms.”

12. That NEPRA decided the matter after providing opportunity of hearing to the petitioners and PESCO vide its determination dated October 27, 2020.
13. That the decision of Honorable Peshawar High Court dated 26.11.2020 has been received through email on 8.12.2020 regarding following writ petitions:-
 - a) Writ Petition No.4932/20-Irfan Ahmad Vs FOP etc.
 - b) Writ Petition No. 5210/20-Ahmad Khan Vs FOP etc.
 - c) Writ Petition No. 4200/20-McLone Steel Re-rolling Mills Vs FOP etc.
 - d) Writ Petition No. 4543/20: Waqar Ahmad Vs FOP etc.
 - e) Writ Petition No. 5255/20: Ghalib Shah Marbal Factory Vs FOP etc.
14. Another judgment dated 29.9.2020 has also been received in Writ Petition No. 847-M/2020-Mansha Steel Mills Vs FOP etc on the same issue.
15. All the above referred petitions have been disposed of in line with earlier judgment of Honorable Peshawar High Court dated 3.9.2020 whereby the matter has been referred to NEPRA for decision of the matter after hearing the petitioners and PESCO.
16. Accordingly, the hearing into the matter was fixed for 28.12.2020, for which notices to the petitioners and PESCO were issued. The hearing was conducted through “Zoom” which was participated by Mr. Saad Ali, Advocate, associate of Mr. Isaaq Ali Qazi, Advocate Supreme Court of Pakistan, Muhammad Akbar Khan Advocate and representatives of PESCO & TESCO.
17. The representative of PESCO & TESCO was of the view that due to non-payment of legitimate dues to the Company, it is becoming difficult for PESCO & TESCO to make necessary investments for improvement of the system to minimize the line losses and that the adjustments are being billed as per notification issued by the Federal Government.
18. During hearing, the Petitioner submitted, inter-alia, that quarterly adjustments shall be charged only from those consumers, who were having electricity connections/ consumptions during the period to which the quarterly adjustment pertains and shall not be charged from such consumers who were not connected to the system during the period.
19. After hearing the arguments of the Petitioner, the Authority considers that the quarterly adjustments primarily includes fixed cost of the system i.e. Capacity costs of Generators, UoSC of NTDC, Market Fee of CPPA-G, impact of allowed level of T&D loses on monthly FCAs and variable O&M cost (*a very small portion of the total quarterly adjustment*). The Power Purchase Price (PPP) is a pass through cost for DISCOs, thus, any variation therein needs to be passed on to the consumers in a timely manner in order to ensure financial viability of the sector, which otherwise would result in piling up of legitimate costs.

Handwritten signature or mark.

20. Here it is pertinent to mention that the Authority allows quarterly indexation of capacity charges and variable O&M of generation companies i.e. IPPs & GENCOs, on account of actual variation in exchange rate, KIBOR/ LIBOR, US CPI/ Local CPI. The generation companies i.e. IPPs/GENCOs, as per the Authority's approved indexed rates, raise their capacity and variable O&M invoices to CPPA-G on monthly basis, which are subsequently billed to DISCOs by CPPA-G.
21. On the other hand the tariff billed by XWDISCOs to consumers, although is a forward looking tariff, however, is determined based on various assumptions in terms of exchange rate, KIBOR/ LIBOR, USCPI/ local CPI. Therefore, any variation in the assumptions built in the tariff vis a vis actual Exchange rate, KIBOR/ LIBOR, USCPI/ local CPI are accounted for through quarterly tariff adjustments of XWDISCOs.
22. Further, due to induction of new plants additional capacity costs arise, which are not included at the time of determination of base/reference tariff of XWDISCOs, and is therefore accounted for through quarterly tariff adjustments of XWDISCOs.
23. In addition, any under/ over recovery of the PPP, due to variations in sales (GWh) of XWDISCOs as per the Authority's allowed target of T&D losses and recovery, are also accounted for through quarterly tariff adjustments of XWDISCOs. Here it is pertinent to mention that any inefficiencies on the part of DISCOs on account of T&D losses over & above the NEPRA allowed targets and under recoveries are not allowed while working out the quarterly tariff adjustments of XWDISCOs.
24. A summary of the adjustment requests filed by the XWDISCOs for the 1st & 2nd quarters of FY 2018-19 is as under;

25. Although the proposed adjustments are formula based and as per the already prescribed mechanism but the impact of any such adjustments has to be made part of the consumer end tariff, hence, the Authority, in order to provide an opportunity of hearing to all the concerned

and meet the ends of natural justice, decided to conduct a hearing on the issue. The hearing was held on March 13, 2019 at NEPRA Tower, Ataturk Avenue (East), G-5/1, Islamabad. An advertisement in this regard was published in newspapers on March 02, 2019 and separate notices were also sent to the stakeholders for inviting comments from the interested/ affected parties. Salient features and details of the proposed adjustments were uploaded on NEPRA's Website for information of all concerned. It is also clarified that timelines provided in Section 31 of the Act as referred by the Petitioners, is not applicable in the matter of quarterly tariff adjustments requests filed by XWDISCOs, rather the same is applicable in the matter of Tariff Petitions.

26. Hearing was attended by representatives of XWDISCOs, CEO CPPA-G and other stakeholders including General public and media. Written comments were also received from Syed Sharafat Hussain, Consultant Power Tariff, PTCL.

27. A brief of the comments submitted by Mr. Sharafat, Consultant PTCL, relevant to the instant hearing are as under;

All DISCOs are requesting for adjustment on account of variation in Power Purchase Price (PPP) but claim in other head of accounts such as Variable O&M, UoSC & Market Operator Fee, Impact of extra & less purchases, Excess billing of EPP, wrongly adjusted by NEPRA, Advance Tax by IESCO. DISCOs have incurred extra expenditure without adopting optimizing policy not controlled by NEPRA, resulting in extra burden on the consumers.

28. Regarding comments of Mr. Sharafat, the Authority observed that variable O&M, UoSC and Market Operator Fee are all part of PPP, therefore, needs to be considered in the adjustment of PPP, however, the remaining heads i.e. Advance Tax, excess billing, recruitment & retirement costs do not fall within the scope of quarterly adjustments. On the point of incurring extra expenditure by DISCOs, without adopting optimizing policy, the Authority considers that PPP is a pass through cost, which is worked out based on the rates approved by the Authority.

29. Representatives of XWDISCOs presented their adjustment requests before the Authority.

30. CEO CPPA-G, during the hearing requested for recovery of these adjustments on the same analogy as of FCA i.e. through monthly billing, instead of making it part of XWDISCOs' schedule of tariff (SoTs). CPPA-G, while justifying its request, submitted that notification of revised SOTs, after including therein amount of quarterly adjustments, would result in delay in the recovery of legitimate pass through cost as new notification of tariff may take several months.

31. Upon inquiry by the Authority from IESCO regarding inclusion of certain costs which do not fall within the scope of Quarterly adjustments, representative of IESCO submitted that although costs like advance tax and recruitment & retirement costs do not fall within the ambit of quarterly adjustments, however, the same have been requested being legitimate costs.

32. The adjustment claims submitted by XWDISCOs were analyzed in detail along-with the actual power purchase cost data submitted by CPPA-G. Keeping in view the requests of XWDISCOs, DISCO wise data submitted by CPPA-G in terms of energy, capacity, UoSC and market operator fee, and after due diligence by the Authority, the following disco wise discrepancies have been observed in the requests submitted by XWDISCOs;

Amir
2

IESCO

IESCO requested quarterly adjustments of Rs.25,526 million, which included Rs.7,020 million on account of Advance Tax, Recruitment & retirement Costs, Excess billing by CPPA-G and Rs.2,054 million on account of a wrong adjustment of PPP by NEPRA for the FY 2017-18. The Authority observed that costs like advance tax, recruitment & retirement costs and excess billing do not fall within the scope of quarterly adjustments, hence, not considered while calculating the instant quarterly adjustment. The Authority also noted that IESCO, for the month of Sep. 2018, used capacity charges of Rs.4.1810/kWh, whereas, the same as per the data provided by CPPA-G, is Rs.4.1151/kWh, which has resulted in a downward adjustment of Rs.79 million from the amount claimed by IESCO. Regarding wrong adjustment of PPP for the FY 2016-17 i.e. Rs.2,054 million, the said cost has been verified afterwards, therefore, is allowed in the instant quarterly adjustments. Based on above, the Authority has determined a total quarterly adjustment of Rs.18,427 million for the 1st & 2nd quarters of FY 2018-19.

LESCO

LESCO requested quarterly adjustments of Rs.34,058 million. The Authority observed that LESCO wrongly worked out its impact of T&D losses on FCA i.e. Rs.758 million, which as per the Authority works out as Rs.706 million, thus, resulting in downward adjustment of Rs.52 million. Further, the PPP of LESCO for the FY 2016-17 was revised downward by CPPA-G by Rs.4,286 million, which was accordingly deducted while allowing PPP adjustments in the tariff of LESCO for the FY 2016-17 and FY 2017-18. The said cost has been verified subsequently, therefore, is allowed in the instant quarterly adjustments. Accordingly, a total amount of Rs.38,292 million is allowed to LESCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

GEPCO

GEPCO requested an amount of Rs.15,866 million. The Authority noted that GEPCO, for December 2018, has worked out impact of losses on FCA, based on CPPA-G's claimed amount instead of actual FCA approved by the Authority. Further, reference variable O&M cost, instead of actual, has been used by GEPCO for the month of December 2018. These adjustments have resulted in a downward revision by Rs.13 million from the amount claimed by GEPCO. Accordingly, a total amount of Rs.15,853 million is allowed to GEPCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

FESCO

FESCO requested quarterly adjustments of Rs.39,500 million. The Authority observed that FESCO has included an amount of Rs.15,565 million on account of impact of extra / less purchases. The Authority noted that while working out the quarterly adjustments, the actual units received and actual cost billed to the DISCO is considered, which automatically accounts for the impact of any extra / less purchases by the DISCOs. Therefore, considering impact of extra / less purchases separately, would result in duplication of the cost. Accordingly, the amount of Rs.15,565 million is not considered while working out the instant quarterly adjustments. FESCO also claimed an amount of Rs.98 million on account of impact of FCA on life line consumers, however, the Authority observed that such costs do not fall within the scope of quarterly adjustments, hence, not considered while calculating the instant quarterly adjustment. Further, PPP of FESCO for the FY 2016-17 was revised downward by CPPA-G by Rs.2,972 million, which was accordingly deducted while allowing PPP adjustments in the tariff

Noted
7

of FESCO for the FY 2016-17 and FY 2017-18. The said cost has been verified subsequently, therefore, is allowed in the instant quarterly adjustments. Accordingly, a total amount of Rs.26,894 million is allowed to FESCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

MEPCO

MEPCO initially requested an amount of Rs.35,697 million, which included Rs.18,654 million for the 1st quarter and Rs.17,043 million for the 2nd quarter. Afterwards, MEPCO vide email dated March 28, 2019 revised its claim for the 1st Quarter to Rs.17,589 million instead of Rs.18,654 million, thus, requesting total amount of Rs.34,633 million. The Authority has verified the same and is allowed to MEPCO for the 1st & 2nd quarters of FY 2018-19.

PESCO

PESCO requested a total amount of Rs.31,068 million, including Rs.18,771 million for the 1st quarter and Rs.12,297 million for the 2nd quarter of FY 2018-19. The Authority while analyzing the request of PESCO observed that PESCO has included an amount of Rs.5,731 million on account of impact of extra / less purchases. The Authority noted that while working out the quarterly adjustments, the actual units received and actual cost billed to the DISCO is considered, which automatically accounts for the impact of any extra / less purchases by the DISCOs. Therefore, considering impact of extra / less purchases separately, would result in duplication of the cost. Accordingly, the amount of Rs.5,731 million is not considered while working out the instant quarterly adjustments. PESCO also claimed an amount of Rs.99 million on account of impact of FCA on life line consumers, however, the Authority observed that such costs do not fall within the scope of quarterly adjustments, hence, not considered while calculating the instant quarterly adjustment. The Authority also downward adjusted a net amount of Rs.118 million on account of extra impact of losses on FCA of Rs.143 million and non-inclusion of market operator fee of Rs.25 million in adjustment request by PESCO. Accordingly, after accounting for the aforementioned adjustments, the Authority has worked out total amount of Rs.25,120 million on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19 for PESCO.

HESCO

HESCO initially requested an amount of Rs.5,587 million, however, submitted its revised working vide letters dated March 26, 2019, whereby, it requested an amount of Rs.10,236 million on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19. The Authority observed that HESCO in its working did not include legitimate costs on account of fixed O&M for wind and solar power plants amounting to Rs.357 million. HESCO also claimed lower amounts on account of UoS, Market Operation Fee (MoF) & impact of FCA of losses by Rs.477 million. The Authority has included these costs while working out the quarterly adjustments of HESCO being legitimate costs. It is also observed that HESCO deducted an amount of Rs.914 million on account of extra & less purchases. The Authority noted that while working out the quarterly adjustments, the actual units received and actual cost billed to the DISCO is considered, which automatically accounts for the impact of any extra / less purchases by the DISCOs. Therefore, considering impact of extra / less purchases separately, would result in duplication of the cost. Accordingly, the amount of Rs.914 million deducted by HESCO is not considered while working out the instant quarterly adjustments. In view thereof, a total

amount of Rs.11,984 million is allowed to HESCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

SEPCO

SEPCO requested an amount of Rs.5,113 million. The Authority observed that SEPCO while working out its quarterly adjustments incorrectly worked out the amounts for all heads i.e. impact of losses on FCA, variable O&M, UOSC & market Operator Fee and capacity charges by Rs.1,480 million. The Authority considers the same as legitimate cost to be passed on to the consumers and hence included the same while workings out the quarterly adjustments of SEPCO. In view thereof, a total amount of Rs.6,593 million is allowed to SEPCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

TESCO

TESCO requested an amount of Rs.985 million. The Authority observed that TESCO while working out its quarterly adjustments incorrectly worked out the amounts for all heads i.e. impact of losses on FCA, variable O&M, UOSC & market Operator Fee and capacity charges having a net impact of positive Rs.468 million. The Authority considers the same as legitimate cost to be passed on to the consumers and hence included the same while workings out the quarterly adjustments of TESCO. In view thereof, a total amount of Rs.1,453 million is allowed to TESCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

QESCO

QESCO requested a total amount of Rs.8,440 million. The Authority observed that QESCO while working out its quarterly adjustments incorrectly worked out the amounts for all heads i.e. impact of losses on FCA, variable O&M, UOSC & market Operator Fee and capacity charges having a net impact of positive Rs.1950 million. The Authority considers the same as legitimate cost to be passed on to the consumers and hence included the same while workings out the quarterly adjustments of QESCO. In view thereof, a total amount of Rs.10,390 million is allowed to QESCO, on account of quarterly adjustments for the 1st & 2nd quarters of FY 2018-19.

33. Based on the discussion made in the preceding paragraphs, NEPRA has determined a total amount of Rs.189,638 million on account of quarterly adjustments for the period from July to December 2018 as detailed below;

Description	IESCO	LESCO	GEPCO	FESCO	MEPCO	PESCO	HESCO	QESCO	SEPCO	TESCO	TOTAL

34. In view of the foregoing discussion, the Authority does not see any anomaly in working of the calculation of the quarterly adjustments. The aforementioned amount of Rs.189,638 million primarily includes impact of variations in capacity charges of Rs.172,336 million. The variation in capacity charges includes additional capacities of around Rs.115 billion due to induction of new power plants such as Nuclear, Coal, RLNG, Renewables etc. and Rs.82 billion due to indexation of capacity charges of the power plants that were included in the reference tariff of XWDISCOs on account of exchange rate, KIBOR/ LIBOR, US CPI/ Local CPI. Here it is pertinent to mention that XWDISCOs owing to increased sales as per the Authority's allowed T&D targets recovered additional amount of Rs.25 billion on account of capacity charges during the period under consideration.

35. In view of the above, the Authority determines the following Revenue requirements of each of the XWDISCOs for the FY 2017-18 inclusive of PPP adjustments for the period from July to December 2018 (including impact of T&D losses on FCA) as worked out above ;

36. Here it is pertinent to mention that Ministry of Energy (MoE), Power Division vide letter number PI-4(18)/2018-19 dated April 18, 2019 submitted a methodology for the incorporation of quarterly adjustments in the uniform tariff of XWDISCOs in terms of the provisions of

“Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997” (The Act).

37. MoE, *inter alia*, submitted that as per the existing Tariff Methodology, Power Purchase Price (PPP) references are subject to adjustment on monthly and quarterly basis. The adjustment on account of variation in fuel cost component of PPP is undertaken on monthly basis and reflected uniformly in the consumers’ monthly bill as Fuel Charges Adjustment. Whereas, adjustment for remaining component of PPP i.e. Capacity Charges, Transmission charges, Market Operator Fee (MoF), impact of T&D losses, and Variable O&M is to be undertaken on quarterly basis.
38. MoE, further submitted that uniform tariff decision dated December 19, 2018 is based on national average PPP and the overall revenue requirement at National Level, leading to the uniform tariff as required under Section 31 (4), which is inclusive of targeted subsidy and inter disco tariff rationalization.
39. MoE, keeping in view the socio economic objectives as well as policy of maintaining uniform tariff rates across the consumers and regions, proposed that same principles be adopted and followed for the purposes of passing on the impact of quarterly adjustment as adopted earlier and reflected in the uniform tariff decision. Thus, quarterly adjustment components of PPP being determined by the Authority be consolidated and thereafter be utilized for the purpose of arriving at a uniform rate tariff across each category of consumer of XWDISCO (*excluding life line consumers*), to be recovered in the same manner as FCA.
40. In view thereof, the MoE requested that;
 - i. The same principle as earlier adopted for determination of uniform tariff be adopted for determination and recovery of quarterly adjustment components for arriving at uniform rate tariff across each category of consumer of XWDISCOs (*excluding life line consumers*), to be recovered in the same manner as fuel price adjustment.
 - ii. The uniform quarterly adjustment amount being reflective of economic and social policy of the Federal Government based on the consolidated Quarterly Adjustment components, be staggered and recovered in twenty-four months instead of three months.
41. Section 31(4) of the NEPRA Act, 1997 gives powers to the Authority to determine a uniform tariff, and further prescribes the manner, methodology and principles to be applied while determining the same. The uniform tariff framework under Section 31(4) includes both the price-equalization and socio-economic elements of the previous regime, price-equalization by the uniform, cross-entity, nature of the tariff itself and the socio-economic dimension by tying grant of tariff to public consumer interest. From their application, it is apparent that the Federal Government is employing the new uniform tariff framework in an analogous manner to the previous surcharge/subsidy framework, by seeking to incorporate subsidies into the uniform tariff, to achieve price-equalization between XWDISCO consumers, and to fulfill other socio-economic objectives under policy.
42. Regarding submission of CPPA-G and the MoE, to allow recovery of quarterly adjustments as per the FCA mechanism i.e. through monthly billing, the Authority observed that concept of monthly adjustment is provided in the Section 31(7) of the NEPRA Act to the extent of fuel

Handwritten initials or mark.

price adjustment only. For ease of reference section 31 (7) of the NEPRA Act is reproduced as under:

"Notification of the Authority's approved tariff, rates, charges and other terms and conditions for the supply of electric power services by generation, transmission and distribution companies shall be made by the Federal Government in the official Gazette, within fifteen days of intimation of the final tariff by the Authority.

Provided that the Authority may, on a monthly basis and not later than a period of seven days, make adjustments in the approved tariff on account of any variations in the fuel charges and policy guidelines as the Federal Government may issue and notify the tariff so adjusted in the official Gazette." (Emphasis added)

43. The tariff determinations of XWDISCOs for the FY 2017-18, included quarterly adjustments which were built in their SoTs, and the same have already been notified by the Federal Government w.e.f. January 01, 2019, which has attained finality. Therefore, quarterly adjustments can only be approved in accordance with the notified tariff determinations. Further, as per the Act, the Authority has the power to only notify variation in the fuel charges i.e. monthly FCAs and the notification power of the quarterly adjustments still lies with the Federal Government.
44. In view of the above and keeping in view the submissions of MoE / CPPA-G, the Authority has determined a uniform rate of Rs.1.4940/kWh, attached as Annex-I with the instant decision, for the allowed amount of quarterly adjustment of Rs.189,638 million across each category of consumers of XWDISCOs, to be recovered in fifteen (15) months period, based on projected sales for the FY 2017-18, after excluding life line consumers. Although, the MoE requested to recover the said amount in 24 months period, however, the Authority, in order to ensure recovery of the allowed amount in a timely manner but at the same time not to over burden the consumers, has decided to allow recovery of the same in fifteen months period.
45. Having said that, the Authority in its uniform tariff determination dated December 19, 2018 has categorically held that although the petition filed by the Federal Government falls short of the legal requirements of section 31 (4) of the Act but in view of pragmatic considerations, it would be inequitable and unconscionable for the Authority to dismiss the uniform tariff motion on the basis of non-exhaustive compliance of the procedural elements thereof. The Authority further issued directions to the Federal Government in para 34 of the December 19, 2018 determination. Although, the said directions still remain to be complied with by the Federal Government, however considering that the instant matter is merely an adjustment in the already approved uniform tariff by the Authority, therefore without prejudice to the said observations and directions of the Authority, the quarterly adjustments have been determined in uniform manner. The instant determination /decision shall not in any way operate to modify, alter, rescind or waive of the observations and the directions of the Authority in the determination dated December 19, 2018.
46. The Federal Government on number of occasions has requested to defer NHP which was initially included in the capacity reference for the FY 2019-20. The Authority, has already adjudicated on the issue in its decision dated December 18, 2018; Relevant extracts of the decision are reproduced hereunder;

"It is also pertinent to mention that XWDISCOS have filed their quarterly adjustment request for the 1st quarter of FY 2018-19, the impact of which works out to be around Rs.94 billion and

if extrapolated till December 2018, the same goes over Rs.180 billion (tentatively). Thus, once the instant PYA of Rs.226 billion, built in the tariff, is recovered after a period of one year, the Federal Government would still have a backlog of over Rs.180 billion to be included in the tariff. In view thereof, the Authority considers that the Federal Government instead of proposing NEPRA to defer the NHP amount, may record the same as subsidy payable to DISCOs, and its payment be deferred, keeping in view the financial situation of the Government.”

47. The decision of the Authority dated December 18, 2018 was notified by the Federal Government w.e.f. January 01, 2019. Accordingly, XWDISCOs filed their quarterly adjustments requests, for the period from July to December 2018, based on actual invoices raised by CPPA-G, which again included the impact of NHP. The Authority is also cognizant of the fact that exchange rate impact on capacity payments needs to be brought in line with the current market situation i.e. PKR.150/ US\$. Thus, the Authority by maintaining the existing level of capacity references, would cater the current devaluation impact on capacity payments to an extent.
48. The notified consumer end tariff methodology guidelines also prescribe that;
“.....In view of any abnormal changes, the Authority may review these references along with any quarterly adjustment. Here it is pertinent to mention that PPP is pass through for all the DISCOs (variable cost) and its monthly references would continue to exist irrespective of the financial year, unless the new Schedule of Tariff (SOT) is notified by the GOP.”
49. The Authority accordingly, keeping in view the recent devaluation of PKR vis a vis US\$ and increase in the prices of local gas, decided to deliberate the issue of revision of fuel price references built-in the notified tariff, during instant proceedings of the quarterly adjustments.
50. CEO CPPA-G, on the issue, submitted that a comprehensive report regarding PPP Projections for the FY 2019-20, developed by using SDDP tool, has been submitted to NEPRA, therefore, instead of revision of fuel price references only to accommodate gas price increase and exchange rate variations, separate proceedings may be carried out by the Authority, to determine the entire PPP for the FY 2019-20 afresh, in light of the report submitted by CPPA-G.
51. The Authority considers that the report submitted by CPPA-G requires detailed deliberations, and the same will be considered by the Authority in separate proceedings.
52. Regarding concerns raised by the Petitioner for charging of quarterly tariff adjustments from all consumers including any new consumer, the quarterly adjustments, as explained earlier, pertain to variations of pass through items and are calculated from the reference costs built in the base tariff of XWDISCOs viz a viz actual costs invoiced by CPPA-G to DISCOs, based on actual consumption as per the Authority’s allowed targets of T&D losses and recovery. Capacity costs of Generators, UoSC of NTDC and Market Fee of CPPA-G are billed to DISCOs based on their actual MDIs during the period, whereas impact of T&D losses on FCAs and variable O&M cost, is charged as per the rates approved by the Authority based on actual units procured by DISCOs during the same period. The same variations or assessment of quarterly adjustment is recovered from future projected units keeping in view the per unit impact of variations. On the concerns raised by the Petitioners regarding charging of quarterly adjustments from such consumers, who were not having electricity connections/ consumption during the period to which the quarterly adjustment pertains, the Authority understands that quarterly adjustments primarily includes fixed costs of the system, which do not arise because of any specific

consumers rather for the system as whole, therefore, needs to be passed on to all the consumers, who are part of the system. The Authority also understands that in case of any consumer exiting the system, fixed cost is borne by all the remaining consumers resulting higher tariff for the remaining consumers, therefore, on the same analogy, if any new consumer becomes part of the system, the benefit of that new consumer should also be shared by the remaining existing consumers. The same fact was also explained to the honorable Supreme Court of Pakistan.

53. Regarding quantum of adjustments notified and being recovered over and above the figure approved by NEPRA in its decision for quarterly tariff adjustments, section 31(7) of NEPRA Act, 1997 will be relevant which is reproduced as under:-

“31 (7) Notification of the Authority’s approved tariff, rates, charges and other terms and conditions for the supply of electric power services by generation, transmission and distribution companies shall be made by the Federal Government in the official Gazette, within fifteen days of intimation of the final tariff by the Authority:”

54. From the plain reading of the above legal provision, it is very much clear that the Notification of the Authority’s approved tariff is to be made by the Federal Government.

55. It is also a fact that the impugned adjustments have now become past and closed transaction and further quarterly adjustments are in field.

56. **ORDER**

I. Based on the above, the Authority hereby determines the following Revenue requirements of each of the XWDISCOs for the FY 2017-18 inclusive of PPP adjustments for the period from July to December 2018 (including impact of T&D losses on FCA) ;
