Decision of the Authority in the matter of Fuel Charges Adjustment for the Subject: month of October 2023 for XWDISCOs along with Notification Thereof

Enclosed please find herewith copy of the Decision of the Authority (total 11 Pages) regarding adjustment in fuel charges in respect of Ex-WAPDA Distribution Companies for the month of October 2023 and its Notification i.e. S.R.O. 1770 (I)/2023 dated December 05, 2023.

XWDISCOs are directed that while charging the fuel charges adjustment from their 2. consumers, the Order of the Honourable Court(s), if any, be kept in mind and ensure compliance with the Order(s) of the Court(s), whatsoever, in this regard. In case of non-compliance of Courts Order the concerned DISCO shall be held responsible for violating / defying the orders of the Honourable Court(s).

# DECISION OF THE AUTHORITY IN THE MATTER OF FUEL CHARGES ADJUSTMENT FOR THE MONTH OF OCTOBER 2023 FOR EX-WAPDA DISCOS

- 1. Pursuant to the provisions of Section 31(7) of the Regulation of Generation, Transmission and Distribution of Electric Power Act 1997, (NEPRA Act) read with the mechanism/ formula determined by the Authority in the tariff determinations for Ex-WAPDA DISCOs notified in the Official gazette, the Authority has to make adjustments in the approved tariff on account of any variations in the fuel charges on a monthly basis.
- 2. In order to make adjustments in the approved tariff of the Ex-WAPDA DISCOs due to variations in the fuel charges for the month of October 2023, request was filed by CPPA-G vide letter dated November 15, 2023.
- 3. The Authority has reviewed the request/information provided by CPPA-G seeking monthly fuel cost adjustment (FCA) and due diligence is done accordingly. From perusal of the information so provided by CPPA-G, the actual pool fuel cost for the month of October 2023, as claimed by CPPA-G, is Rs.11.4277/kWh, against the reference fuel cost component of Rs.7.8938/kWh as indicated in the Annexure-IV of the notified consumer-end tariff of Ex-WAPDA DISCOs for the FY 2023-24. The actual fuel charges, as claimed by CPPA-G, for the month of October 2023 increased by Rs.3.5339/kWh (Annex-I) as compared to the reference fuel charges.
- 4. Notwithstanding the fact that the monthly adjustment on account of fuel charges variation is made in pursuance of the provisions of section 31(7) of the NEPRA Act, as well as on the basis of a mechanism/formula already determined by the Authority in its annual tariff determinations for Ex-WAPDA DISCOs, yet in order to meet the ends of natural justice and to arrive at an informed decision, the Authority decided to conduct a hearing in the matter. The advertisement for hearing along-with salient features and details of the proposed adjustments, in the approved tariff, were published in newspapers on November 21, 2023 and also uploaded on NEPRA's Website for information of all concerned stakeholders.
- 5. The Authority conducted the hearing in the matter on November 29, 2023 at NEPRA Tower, Ataturk Avenue (East), G-5/1, Islamabad through zoom. The date of hearing was mentioned in the advertisement published in newspapers and also uploaded on NEPRA's website, whereby participation in the hearing and filing of comments/ objections from any interested/affected person were invited. Separate notices were also sent to the interested / affected parties.
- 6. On the date fixed for hearing, representatives of CPPA-G, SO-NPCC, NTDC, General Public and Media were present. However, no representation was made from WAPDA Power Privatization Organization (WPPO), Sui Southern Gas Company Limited (SSGCL), Sui Northern Gas Pipelines Limited (SNGPL) and Ministry of Finance despite serving the hearing notice. CPPA-G during hearing presented its case before the Authority.

- 7. During the hearing, a commentator raised the issue of timely application of monthly FCAs within 7 days, as per the provisions of NEPRA Act. The Authority noted that the issue of timely application of FCAs has already been decided by the Hon. Supreme Court of Pakistan vide judgment dated 02.05.2018, as under:
  - "In future, the time fixed in terms of provisions of second proviso to Section 31(4) of Act XL Of 1997 for claiming tariff revision on the basis of fuel price fluctuation shall be four (04) with reference to the bill/notified tariff of any particular month;
  - b) For filing refund claims by consumers, which are based upon downward fluctuation of fuel price, we find that a period of two (02) months is reasonable for the purpose of processing and granting such refunds relatable to the bill of a particular month;..."
- 8. The Authority observed that while submitting the monthly FCA request, CPPA-G and NTDC/NPCC certifies that;
  - a) 2002 Power Policy Plants
  - i. All purchases have been made from Generation Companies having valid generation License issued by NEPRA.
  - ii. Invoices of all Electricity Purchases have been processed in accordance with the rates, terms & conditions as determined by NEPRA. Payments related to periodical adjustments are also made as per decision of NEPRA.
  - iii. The above statement is true, based on facts and from verifiable documentary evidence. In case of any deviation / variation observed if not rectified at later stage, CPPA-G will be responsible for the consequences arising out of any misstatement under NEPRA Act and its Rules & Regulations.
  - b) 1994 Power Policy Plants (HUBCO Inclusive)
  - i. All purchases have been made from IPPs under 1994 Policy, including HUBCO & Chasnupp and excluding Tavanir, having valid generation license issued by NEPRA.
  - ii. Invoices of all Electricity Purchases have been made strictly in accordance with the rates, terms & conditions as stipulated in the respective Power Purchase Agreements.
  - iii. All payments to IPPs are being made after observing all formalities provided in the respective Power Purchase Agreements.
  - iv. All purchases have been made in accordance with the Power Purchase Agreement
  - v. The above statement is true, based on facts and from verifiable documentary evidences. In case of any deviation / variation observed if not rectified at later stage, CPPA-G will be responsible for the consequences arising out of any misstatement under NEPRA Act and its Rules & Regulations.

### c) Power Plants Operations

- i. It is certified that Merit Order was followed as defined under section 2(I)(x) of the NEPRA Licensing (Generation) Rules, 2000, while operating power plants in its fleet during month of October 2023.
- ii. Partial Loading of power plants strictly in accordance with the provision of their respective Power Purchase Agreement and the plants were operated on partial load as per system load demand variations and for fuel conversation where needed.
- 9. Accordingly for the purpose of instant FCA, the information along-with certification given by CPPA-G has been relied upon. In case of any variation, error, omission or misstatement found out at a later stage, CPPA-G shall be responsible and the same would adjusted in the subsequent monthly fuel charges adjustment.
- 10. The Authority, observed that CPPA-G has purchased energy of 22.5 GWh from Tavanir Iran in October 2023 at a cost of Rs.522 million, however, contract between CPPA-G and Tavanir Iran for import of Power up-to 104 MW has expired on December 31, 2021. In view thereof, the cost of electricity purchased from Tavanir Iran is being allowed strictly on provisional basis, subject to its adjustment once the Authority decides the extension in the contract between CPPA-G and Tavanir Iran or otherwise. The cost being allowed on provisional basis is to avoid piling up of the cost and one time burdening of the consumers in future.
- 11. Regarding current month fuel cost, following deduction are being made in line with NEPRA latest approved rates.

Plants	Energy (kWh)	Fuel Charge Claimed by CPPA- G - Rs.	Fuel Charge as per NEPRA approved FCC - Rs.	Adjustment in Rs.

- 12. CPPA-G in its request claimed net positive amount of Rs.28,324 billion as previous adjustments in the instant monthly FCA.
- 13. Regarding adjustment of 25.4 billion for Thar Coal Board-1 (TBC-I), the Authority vide decision dated 19.10.2023 has revised the FCC of TCB-I for the period February 2023 to July 31, 2023. Pursuant thereto, CPPA-G has claimed an amount of Rs.25.4 billion, as previous adjustment, for the mentioned period.
- 14. Regarding adjustment of Rs.3.2 billion for China hub power coal based power plant, upon inquiry CPPA-G submitted that same is on account of PPA factors and pertains to a period from August 2019 to June 2023. Considering the fact that the adjustments claimed by CPPA-G are more than four years old, therefore, the Authority directs CPPA-G to

bring these adjustments separately before the Authority along with complete workings and detailed justification.

15. In view thereof, the following amounts, under previous adjustments, are being allowed in the instant FCA;

- 16. As per directions of the Authority, NTDC/NPCC and CPPA-G have been providing the hourly/monthly generation data and other relevant details for deviation from Economic Merit Order (EMO) and corresponding financial impact. However, it was observed that, the requisite data/information submitted by CPPA-G along with the monthly FCA data of October 2023 was not as per the required format. During hearing, GM- SO (NTDC) presented details regarding system constraints and justifications for operation of costlier power plants and low utilization of coal power plants.
- 17. The Authority observed that during October 2023, the System Operator had curtailed the drawl of energy from efficient power plants due to following reasons along-with financial impact of such deviations;
  - i. Financial impact due to System Constraints (Operation of expensive plants to avoid overloading on Lahore Sheikhupura grids, SSKT-GHKR transmission line and HVDC limitation) = 103.37 million
- In view of the above, the total financial impact on account deviation from EMO is Rs. 103.37 million, which is provisionally being withheld from the FCA claim for the month of October 2023, till the time NTDC/NPCC provides complete justification to the satisfaction of the Authority. Since the deduction is made by the Authority due to deviation from EMO by NPCC, which is part of NTDC, therefore, the Authority directs CPPA-G to pass on the impact of such deduction to NTDC.

- 19. NTDCL, reported provisional T&T losses of 257.763 GWh i.e. 2.491%, based on energy delivered on NTDCL system during October 2023. NTDC in addition also reported T&T losses of 23.324 GWh i.e. 2.926%, for PMLTC (HVDC) line. NTDCL is allowed T&T losses of 2.639% only at 500KV and 220 KV network, while PMLTC (HVDC) is allowed T&T losses of maximum up-to 4.3%.
- 20. Accordingly, for the month of October 2023, T&T losses of 281.087 GWh have been verified for NTDCL system only at 500 kV and 220 kV network and PMLTC (HVDC) being within the Authority's allowed limit have also considered while working out the FCA of October 2023.
- 21. In view of the above discussion, the Authority has calculated the fuel cost for the month of October 2023, after accounting for the aforementioned adjustments, and including costs arising out due to application of various factors, as provided in the respective PPAs of the Power Producers as claimed by CPPA-G in its FCA request. Here it is pertinent to mention that the amount arising out due to application of PPA factors, for the six RFO based IPPs, incorporated under 2002 Power Policy, is being allowed on provisional basis and shall be subject to adjustment, based on the final outcome of the ongoing *suo moto* proceedings against RFO based IPPs.
- 22. The Authority hereby directs CPPA-G to provide the Technically/financially verified data of each generation company pertaining to previous month along-with its next monthly FCA request, in order to ensure that any required adjustments are made in a timely manner.
- 23. CPPA-G in its request has also included 30.88 GWh for the Net Metering units procured during October 2023.
- 24. As per data provided by CPPA-G, during October 2023 following power plants supplied electricity to DISCOs as per their bilateral contracts;

Captive	DISCO	Energy Kwh
Kumhar Wala Power House-I	MEPCO	1,141,185
Thatta Power (Pvt.) Ltd.,	HESCO	36,300
Omni (NCPP)	nesco	4,586,880
Dadu Energy (Piyaro Goth)	SEPCO	10,906,700
Lodra Power (Shikarpur)	SEPCO	9,519,600
Chianwali Power	GEPCO	2,512,306
HPS Head Marala	] GEPCO	3,285,967
HPS PEDO Jabori	PESCO	146,010
Total		32 134 948

- 25. Regarding fuel cost of SPPs/CPP it is important to mention that CPPA-G only provided data of energy supplied by aforementioned SPPs/CPPs to DISCOs, however, no fuel cost detail has been claimed / provided along-with the FCA data. Here it is pertinent to mention that in its previous FCA requests, CPPA-G used to include the fuel cost of energy purchased by DISCOs from SPPs and the same was being considered while working out the monthly FCAs.
- 26. Here it is also pertinent to mention that while approving the Power Acquisition Requests (PARs) for such SPPs, the Authority also prescribed an adjustment mechanism for indexation of fuel cost component based on prevalent fuel prices.

  CPPA-G in its previous monthly FCAs used to claim the fuel cost for such energy

as per the revised fuel prices, although not as per the latest prices. As CPPA-G has not claimed any cost for the energy supplied by SPPs/CPPs, therefore, in order to avoid piling up of costs and one time burdening of consumers, the cost for energy supplied by SPPs during October 2023 has been accounted for based on the reference Fuel cost component as approved by the Authority in the respective PAR of such SPP/CPPs.

27. Based on the aforementioned discussion and in light of earlier decisions of the Authority for FCA of May 2023 and onward, separate FCA of each DISCO after accounting for the energy purchased from CPPA-G, bilateral contracts (Captive, SPPs) and Net metering as part of individual basket of each DISCO has been worked out. However, since a uniform tariff regime is in place in the country, therefore, the Authority has also worked out a National Average Uniform monthly FCA to be charged from all the consumers of XWDISCOs.

- 28. CPPA-G is directed to develop a proper mechanism for Inter DISCO settlement of FCA worked for each XWDISCOs and the FCA charged from consumers after consultation with DISCOS, in order to ensure proper accounting of energy and cost of each DISCO as per their own basket.
- 29. The Authority, after incorporating the aforementioned adjustments, has reviewed and assessed a National Average Uniform increase of Rs.3.0786/kWh (Annex-II) in the applicable tariff for XWDISCOs on account of variations in the fuel charges for the month of October 2023 as per the following details:

Actual National Avg. Uniform Fuel Charge Component for October 2023 for XWDISCOs Consumers	Rs.10.9724/kWh
Corresponding Reference Fuel Charge Component	Rs.7.8938/kWh
National Avg. Uniform Fuel Price Variation for the month of October 2023- Increase for XWDISCOs consumers	Rs.3.0786/kWh

30. In view of the aforementioned, the Authority has decided that adjustment as ERREC referred above;

- a. Shall be applicable to all the consumer categories except Electric Vehicle Charging Stations (EVCS) and lifeline consumers.
- b. Shall be shown separately in the consumers' bills on the basis of units billed to the consumers in the month of October 2023.
- c. XWDISCOs shall reflect the fuel charges adjustment in respect of October 2023 in the billing month of December 2023.
- d. While effecting the Fuel Adjustment Charges, the concerned XWDISCOs shall keep in view and strictly comply with the orders of the courts notwithstanding this order.

## National Electric Power Regulatory Authority

#### **NOTIFICATION**

Islamabad, the 5th day of December, 2023

S.R.O. / 770 (I)/2023: – Pursuant to Section 31(7) of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 as amended through Regulation of Generation, Transmission and Distribution of Electric Power (Amendment) Act 2011, the National Electric Power Regulatory Authority makes and notifies the adjustments on account of variations in fuel charges in the approved tariff of XWDISCOs. The following is the fuel charges adjustment for the month of October 2023 in respect of Ex-WAPDA Distribution Companies (XWDISCOs):

Actual National Avg. Uniform Fuel Charge Component for October 2023 for XWDISCOs Consumers	Rs.10.9724/kWh
Corresponding Reference Fuel Charge Component	Rs.7.8938/kWh
National Avg. Uniform Fuel Price Variation for the month of October 2023 - Increase for XWDISCOs Consumers	Rs.3.0786/kWh

- 2. The above adjustment of Rs.3.0786/kWh shall be applicable to all the consumer categories except Electric Vehicle Charging Stations (EVCS) and lifeline consumers. The said adjustment shall be shown separately in the consumers' bills on the basis of units billed to the consumers in the month of October 2023. XWDISCOs shall reflect the fuel charges adjustment in respect of October 2023 in the billing month of December 2023.
- 3. While effecting the Fuel Adjustment Charges, the concerned XWDISCOs shall keep in view and strictly comply with the orders of the courts notwithstanding this order.
